

**IMPORTANT TAX NOTICE:****Special U.S. Federal Income Tax Filing Requirements Related to Your Investment in Lundin Gold Inc.**

This statement is provided for Investors who are United States persons for purposes of the U.S. Internal Revenue Code of 1986, as amended (“IRC”) and the regulations thereunder. It is not relevant to other Investors.

Shareholders who are U.S. persons<sup>1</sup> (“U.S. Shareholders”) should be aware that Lundin Gold Inc. expects to be a passive foreign investment company (“**PFIC**”)<sup>2</sup> for its current fiscal year, expects that it was a PFIC in its taxable year ended December 31, 2017 and expects that it may also be a PFIC in subsequent years.

The attached combined **PFIC Annual Information Statement** is being provided to you pursuant to the requirements of Treasury Regulations Section 1.1295-1(g)(1). This PFIC Annual Information Statement contains information to enable you, should you choose, based on the advice of your tax advisors in light of your personal tax circumstances, to elect to treat Lundin Gold Inc. as a qualified electing fund (“**QEF**”).

A U.S. shareholder who makes a QEF election is required to annually include in his or her income his or her pro rata share of the ordinary earnings and net capital gains of Lundin Gold Inc., whether or not Lundin Gold Inc. distributes any amounts to its shareholders.

If you do not elect to treat Lundin Gold Inc. as a QEF, then if Lundin Gold Inc. is a PFIC for any year during your holding period, then you would be subject to the PFIC rules, which could result in adverse tax consequences to you. For example, if you were to receive a so-called “excess distribution” or if you sell your Lundin Gold Inc. stock in the future at a gain, you could be required to allocate such distribution or gain, as the case may be, ratably over the time period during which you held your stock while Lundin Gold Inc. was a PFIC, and pay tax at the highest marginal tax rate (rather than, if otherwise applicable, the long-term capital gain rate) on ordinary income in effect for each taxation year to which the gain is allocated plus interest on the tax.

The QEF election is made by completing and attaching U.S. Internal Revenue Service (“IRS”) Form 8621 (“Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund”) to a U.S. federal income tax return filed on or before the due date of the return, including extensions, for the income tax return with respect to the tax year to which the election relates.

**The information in this letter and the attached PFIC Annual Information Statement does not constitute tax advice and should be confirmed by your own tax advisor. We strongly urge you to consult your own tax advisor for advice concerning the application of the U. S. federal income tax rules governing PFICs and the advisability of making a QEF election or any of the other elections available to a holder of shares of a PFIC.**

---

<sup>1</sup> A shareholder that is considered to be a “U.S. person” will be subject to the PFIC rules if the foreign corporation is considered to be a PFIC. A U.S. person generally includes a U.S. domestic corporation, a U.S. domestic partnership, a U.S. citizen or resident of the United States and certain estates and trusts.

<sup>2</sup> The definition of a PFIC can be found in IRC §1297(a).

You can also find information on U.S. tax rules applicable to investments in a PFIC on the IRS website, [www.irs.gov](http://www.irs.gov), by searching “Form 8621 Instructions”.

Sincerely,

Lundin Gold Inc.
