

HELPER LINER INSTALLER

POSITION

Helper Liner Installer

ABOUT US

Lundin Gold Inc. headquartered in Vancouver, Canada, is part of the Lundin Group of Companies, one of the most recognized, respected and prominent groups in the global industry today. It is comprised of 13 publicly traded companies focused on the extractive sector, operating in more than 17 countries around the world.

Lundin Gold, through its Ecuadorian subsidiary Aurelian Ecuador S.A., owns the Fruta del Norte Mine (FDN), located in southeastern Ecuador in the Zamora Chinchipe Province.

Fruta del Norte (FDN) is one of the largest and highest-grade gold deposits in the world currently in production. The Company has an experienced mine operations team dedicated to advancing FDN responsibly. In the fourth quarter of 2019, Lundin Gold realized first gold production as well as the first export of gold concentrate and doré bars. In the first quarter of 2020 FDN achieved commercial production. Lundin Gold operates transparently in accordance with international best practices and its three core principles: Working Safely, Environmental Stewardship and Respect.

THE ROLE

Collaborate with the foreman and liner installers in the tasks of laying and welding HDPE and LDP liner. He/She will also be in charge of mobilizing equipment and tools to be used by the liner group, as well as the displacement and laying of liner rolls where the project requires it.

RESPONSIBILITIES

- Assist teams in charge of lifting and moving liner rolls.
- Daily inspection and cleaning of equipment and tools used by installers.
- Mobilization and installation of equipment, tools, tents and other items necessary to carry out the corresponding activities.
- Delimit the work area with safety signs.
- Installation of equipment for work at heights according to the activity to be performed.
- Assist the installers with the cleaning of the liner for the correct welding process.
- Lay the liner manually or with the assistance of heavy machinery for its displacement.
- Perform minor cleaning and excavation with hand tools.
- Provide support to Quarry Surface Operations, Erosion Control and TSF personnel.
- Participate in emergency response brigade activities.
- Participate in specific Surface Operations department trainings and coaching.

SKILLS AND EXPERIENCE

- High School degree.
- At least have 1 year of experience in masonry work.
- Experience using minor tools (shovels, picks, compactors, etc.).
